CRAB ORCHARD

Mrs. Grove Cook is very ill with something like paralysis. R. H. Brounagh is still confined to the house. G. A. Patten is improving slowly. I don't think I mentioned in my last the death of Wm. Stuart. He died about three weeks since. He was one of the oldest citizens of Crab Orchard, an honorable and highly respected gentleman and liked by everyone. Though not highly educated, he was a man of more than ordinary intelligence and his opinion in all matters was relied on by persons who knew him. He leaves a large family of sons and daughters, all of mature age, who have the sympathy of all who know them.

Our town is now without a preacher, except the colored churches who seem more zealous in their religion than the white people. B. T. Lunsford, of Preachersville, was in town this morning. Miss Ernie Menefee returned yesterday, after a visit of several days spent pleasantly with friends at Rowland. Mrs. J. W. Guest leaves this week to spend the remainder of the winter with her daughter in Oklahoma. Miss Spoonamore, of Brodhead, has been visiting Mrs. W. E. Perkins. Lynne Bros., successors to Campbell & Pettus, have set up a date drugstore. W. C. Pettus has accepted a position in a drugstore in Louisville. H. D. Campbell contemplates leaving here in the near future. We regret to give up good citizens, such as Messrs. Campbell and Pettus, but hope the change will be to their interest. Miss Hettie Harris is agent for all the popular periodicals of the day, would take it as a favor if the people will so give her their patronage. T. K. Watson has just returned from a several days' visit to friends in Cincinnati. The sleigh bells have been jingling on our streets for a few days past. Mrs. S. A. Middleton has returned from a visit to her daughter. Mrs. S. P. Gray, at Stanford. Sim Middleton, Jr., of Coffeyville, Kan., is visiting his parents here. Abel Bryant, of Cedar Creek, sold out his goods and chattels, with the intention of going to Corbin to live but changed his mind at the last moment and rented a farm of J. H. Tucker at Maywood. There are several probably only two applicants, for the postoffice at this place, who have been working in an underhand way. The present incumbent has no idea of resigning, and if charges have been preferred, all he wants is an opportunity to refute them, which I suppose will be given him. He is ready to face an open enemy, but dislikes a hidden foe. Jas. Green, of Cartersville, was in town Tuesday.

NO MORE STOMACH TROUBLE.

All stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Erskine, of Allentown, Mich., says: "I suffered heartburn and stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Sold by Mt. Vernon Drug Co.

FORGOTTEN.

How soon we are forgotten. When the grave unwraps our clay And sounds of lamentation Cease their echoes in a day.

How soon we are forgotten. Even while we're living here By friends who once applauded Every day and month and year.

How soon we are forgotten. When our wealth and power depart And only reminiscence Lingers in the head and heart.

How soon we are forgotten. When our banquet lights are out And guests have all departed Muddled by the midnight rout.

How soon we are forgotten. When disease and age abound And on the public highway We are seen no more around.

How soon we are forgotten. In the rush of busy life As memory is vanished In this world of sin and strife.

How soon we are forgotten. Even in the halls of fame When bronze and marble statue Bears no record of our name.

In Breathitt county Stephen Duff was shot and killed by Elijah Bush.

MCKEE. (Jackson County.)

Extreme cold weather comes along with circuit court in this month, but court is over and had weather stays with us. The dock et was relieved for the first time for quite a while, as it contained no felony cases. The grand jury returned a number of indictments. Mr. James Reynolds is confined to his bed from hemorrhage of the lungs. Miss La. v. Parson is home from Berea college, and is suffering from nervous prostration, caused by overwork and hard study.

Misses Lucy Welch and Louisa Johns, of this place, will enter school at Berea in a few days. Our school will open here first of next week. The plan for the higher branches to be carried and number of teachers required had to be postponed till a later date, as the new school building is not completed. Our regular plan of work will be carried, also the kindergarten. Our town marshal, James Short, has sold his house and lot to Dr. W. T. Auryx with the intention of going to Indiana. His son, Isaac Short and wife have returned to their home in Indiana, after a visit of two weeks here. It is rather difficult to keep up the corporation of a town if the marshal will allow the bad boys to frighten him away with popguns and cannon crackers and our town trustees talks of resigning because others, do not do their duty. Sheriff S. Hollinsworth has been seriously ill from alcohol on liver. Mr. J. R. Llewellyn had an acute attack of rheumatism last week. Dr. Gibson being called from Richmond, to attend them. Both are much improved at this writing. Our telephone system will be extended to Booneville, connecting us with Beattyville, Manchester and Hyden. Mrs. W. T. Auryx has charge of the exchange here.

LEVEL GREEN

Here I am after resting a week. Did any of you miss me?

Death has been among us again claiming as a victim Miss Sarah Wallen. She had been a sufferer from that dread disease, consumption for quite a while, tho' she was confined to her bed but a short time. She is the fourth sister that has passed to the "Better Land" from the same disease. Sarah was indeed a good woman—a Christian. I speak as one having authority. She had been a pupil of ours at different times, kind, obedient and dutiful always.

Aunt Abby (Isabel) Pumphrey an octogenarian, is in a critical condition at the home of her grandson, Larkin Hicks. Jack Towery's condition remains about the same. Thom Livesay is improving, but his daughter, Lucy, was no better when last heard from. She has typhoid fever.

Tho' the cold is severe, and the snow lies cold upon the earth, yet the usual number visits Norton & Hamlin's store daily where lots of goods are sold. And if cold does pinch, yet winter brings with it pleasures that no other season can, so upon the whole I reckon that things in general are upon an equality—what is lacking in one particular is made up in something else, therefore men need not go elsewhere to find a better location than they can get here, but then elbow room does become scarce in old countries. Emmett Hasty contemplates moving to Kansas soon. Nearly a dozen young men and boys have gone from here and near by, to Berea and other cities to attend school. Strange isn't it that we can't have a good school in this part? This would save much expense to parents, and our boys would learn as fast too as they do at college. Quite a number of our best public school teachers never saw inside of a college as pupils. Wade Brown killed the largest hog that was slaughtered in this part. There are hogs, shoats and pigs for sale here but no buyers. Yes, and here is another that wants to go, Dick Stephens wants to sell his farm.

CURED HIS MOTHER OF RHEUMATISM.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale at Chas. C. President Roosevelt began Thursday with a breakfast at eight to which he had invited some newspaper men. During the morning he met and conferred with a delegation on the railroad bill, besides receiving the visits of the Senators and Representatives who called. He entertained a distinguished musician at luncheon. He returned to his office where he remained until five when he took a long horseback ride with Senator Lodge. He had a large party of dinner guests including Whitclaw Reid, and in the evening he shook hands with between fifteen hundred and seventeen hundred persons at the Diplomatic reception. After the reception he took supper with the receiving party. And Parson Wagner said President Roosevelt leads the "simple life."

RESIDENTS of Veenersburg, Indiana, found the dead bodies of John Brant, a newspaper man, and Charles Eckburg, a barber, in a barber shop, where they had gone to balance the books of the local Odd Fellows' lodge. Both men were shot through the head, a revolver being found in a chair near Eckburg's body. [What is the matter with Indiana? We wonder if it is some of their late Kentucky importations, who are wielding such a bad influence on the "Hoosiers" who are already several points ahead of the "Corn Crackers" in bloody deeds.]

Gov. BECKHAM's reply to Senator Blackburn's attack upon him was something of a scorcher. What the Governor had to say was a plenty and the Senator would evidently be willing to "go way back and set down" for a spell. Blackburn's unwarranted attacks on Kentuckians and even whole sections of the State has gone far enough and that fact should be evidenced when the Legislature is called upon to elect his successor to the United States Senate.

The man who manufactures an adulterated food, says the Philadelphia Inquirer, and sells it for what it is not is a thief and a rascal and deserves the severest punishment that the law can give him. If Pennsylvania is starting out on reforms who knows but she may get around to her politicians.

EDITOR CAMPBELL of the Somerset Journal, who is always ready for any emergency, has come forward with a name for that much talked of well of Brer. Ed Walton's. As it was selected from a musical standpoint it will unquestionably be acceptable to the editor of the I. J.

POLITICS AND POLITICIANS

The vote for president and vice-president will be counted at Washington Feb. 8th.

Senator J. C. S. Blackburn announced that he would reply to the statement issued Monday by Gov. Beckham. His reply, he said, would not be personal or abusive, but would "cover the situation adequately."

William S. Taylor, fugitive from Kentucky, telegraphed to Des Moines that he would arrive there next week to plead his own defense in the moot court, which will be held by the students of Drake University, and in which he has been indicted.

The Statehood bill will hold the boards in the Senate this week, with little prospect for a vote. Modification of the bill is talked of, one element seeking to deny Statehood to New Mexico and Arizona, while granting it to Oklahoma and Indian Territory.

The president transmitted to congress a message recommending the reflection of the number of Panama Canal Commissioners to five or even three. He says experience has demonstrated that the body of seven is unwieldy. He advises congress to vest the authority to prescribe the duties, powers and salaries of the commissioners in the president.

E. C. Brockmeyer, the first witness examined by the Missouri Senatorial Investigating Committee, testified that Adolphus Busch, the St. Louis brewer, contributed \$12,500 to the republican State campaign fund. He said it was his understanding that Otto Strife also made large contributions and that Busch had agreed to give as much as all the rest of the St. Louis brewers together.

Kentucky republicans now in Washington believe that John W. Yerkes is already shaping his affairs with a view to becoming a candidate for the republican nomination for governor in Kentucky in 1907. Some of them say that his decision to have nothing to do with the distribution of the post-office patronage in this State is due to the fact that it would embarrass his prospects to mix up in it.

The prospects for a short session of the Legislature were considerably clouded by developments at the Capitol. It became apparent that there was to be a policy of obstruction in certain quarters, and the opinion was freely expressed that a forty-day session might be expected, with a possibility that it would extend to the legal limit of sixty days. Some of the members purpose that the old question of removal of the Capitol to another city shall be fought over.

The Lexington Leader of Sunday contains the following: "Friends of J. M. Alverson, of Stanford, Representative in the Kentucky Legislature from Lincoln county, are urging him to make the race for the Democratic nomination for Congress from the Eighth Kentucky district, to succeed the Hon. G. G. Gilbert, of Shelbyville, the incumbent. Mr. Alverson's rise on the political ladder has been rapid. When he announced himself a candidate for the Democratic nomination for Representative in Lincoln county several years ago, few people considered his candidacy. But he proved himself a wonderful campaigner and saw nearly every voter in the county, winning the nomination 'going away.' He was easily elected and has again been nominated this time without opposition. He is the author of the new vagrancy law passed by the last Legislature."

ON THE HUNTER-EDWARDS WHITE CONTEST.

(Jno D. Wakefield to Louisville Times)

In his argument in behalf of John D. White, former Senator Thurston took the position that the proxy system in party organizations was illegal and declared that the circumstances surrounding the Hunter-Edwards fight was a disgrace to the State of Kentucky and to the Republican party. He did not spare either Dr. Hunter or Mr. Edwards, and said the conduct of the friends of each was bad. He told the committee that if they decided in favor of either they would strike at the root of the election system, at the Australian ballot system and would destroy the will of the whole people of Kentucky as expressed in the acts of the Legislature. "After reading this record," said the Senator, "I am inclined to think that the contestant in the Middlesboro convention should have gone on the official ballot, one under the emblem of a gun, the other under a bottle. Don't tell me those Kentuckians were afraid to stay in that convention. The Kentuckian does not live who is afraid of a gun or a bottle. He is not afraid of being shot with the one or half-shot with the other."

He said the record in the case was a reflection on every Kentuckian. The Senator scored the tactics of the Republicans of Kentucky, and being one of the most prominent Republicans in the nation himself, showed his disappointment and disgust over the actions of his brothers in Kentucky.

Senator Thurston declared that neither the convention that nominated Hunter nor the one which nominated Edwards was a convention. He said it was a mob of the "rag tag and bob-tail." Mr. Ramsey said J. W. Collins, of Letcher and J. S. Rohms, of Bell, made an actual count of Hunter's delegates and he had a majority. Mr. White said: "Yes, and both are under indictment now." Senator Thurston replied: "Oh, yes, but indictments are mere incidents in this proceeding."

NEWS ITEMS

A man giving his Name as Gesler Rosseau and having in his possession an unloaded infernal machine was arrested in Philadelphia and confessed to attempting to destroy the statue of Frederick the Great in Washington, also to sending the trunk containing an infernal machine to the British steamship, Umbria, at New York in March, 1903.

James W. Bess was hanged in the Lexington jail yard for the murder of Mrs. Martha McQuinn Martin. Shortly after midnight he removed from his mouth a small blade and handed it to the death watch, with the statement that he had carried it for weeks with the intention of taking his life, but changed his plans after a visit from his three nephews, who sang and prayed with him. He made a speech from the scaffold, warning his hearers against whisky and bad company.

Says the Plain Dealer, of Cleveland, Ohio: "Investigation into the charge that Mrs. Cassie L. Chadwick smuggled large quantities of diamonds, gems and other precious stones into this country has developed the fact that the woman dealt in precious stones to an almost fabulous extent. In order to make a case on the charge of smuggling it was found necessary for the Government authorities to trace all her deals for diamonds and jewelry made by Mrs. Chadwick both in this country and Europe. The statement has been made by Collector of Customs Leach that considerably more than \$250,000 worth of jewelry and precious stones handled by Mrs. Chadwick has been traced and positively located. It is added that this great amount of jewelry has been uncovered with the investigation still incomplete. Of this amount the Government is indirectly interested in about one-third. It is simply the truth to say that Mrs. Chadwick handled pearls, rubies, sapphires, emeralds and garnets almost literally by the peck, said the Government official. Testimony of experts shows that the woman did not handle anything but the finest articles and there is scarcely a penny's worth of cheap jewelry in the entire lot that has been traced."

The First Miracle in Cana

Sunday School Lesson for Jan. 22, 1905
Prepared by the "Highway and Byway" Preacher.
Copyright, 1904, by J. B. Rogers.

LESSON TEXT—John 2:1-11. Memory verse: 11. Read also John 1:28-34. GOLDEN TEXT—"Whatever He saith unto you, do it." John 2:5. TIME—The third day after Jesus' departure from the Jordan for Galilee mentioned in John 2:1. PLACE—Cana of Galilee, the home of Nathanael.

A REMINDER—The key text of John's Gospel, the first of every lesson taken therefrom, is Deut. 10:17. John records this incident as an eye witness in order that we may believe that Jesus is the Christ, the Son of God, and that believing we may have life in His name. Notice how the divinity of Christ is attested in each lesson thus far. First, His existence traced back to the beginning with God. Second, joining a witness based upon the audible and visible witness of God. Third, the witness of the first disciples. And the present lesson adds its evidence of the miracle.

The Lesson Outline.

THEME—Jesus' glory manifested.
(1) The Occasion, vs. 1-2.
(2) Jesus invited, vs. 2-3.
(3) The Opportunity, vs. 3-4.
(4) A Need and an Appeal, vs. 4-5.
(5) Willing Servants, vs. 5-6.
(6) Empty Jars, vs. 6-7.
(7) The Methods, vs. 7-8.
(8) Simple and Direct—Jesus used what they had.
(9) Transforming—Obtained what they had not.
(10) The Results, vs. 9-11.
(11) Superior Wine, vs. 9.
(12) Convicted Disciples, vs. 11.
(13) Comparing Scripture with Scripture.
The Occasion. (1) At a Wedding v. 1.—There is no occasion or circumstance in life that may not be made radiant with the manifested glory of Jesus. It is significant that the setting of Jesus' first miracle should have been a wedding. Jesus was neither an ascetic nor a winebibber, the latter of which his enemies accused Him of being. Matt. 11:19.

(2) Jesus invited, v. 2.—Two significant points: 1. The desire for Jesus' presence, and 2. His willingness to come. If Jesus were at more weddings to-day, there would be less marriages which prove failures and fewer divorces.
(3) The Opportunity, v. 3.—A Need and an Appeal, vs. 3, 4.—The glory of Jesus always shines forth where there is a need to supply and a turning to Him in faith for help. Comp. Phil. 4:19 with 1 Cor. 13:12. The wine of the world is more to feel superior or later and then we must turn to Jesus to obtain the wine which can satisfy.

(4) Willing Servants, v. 5.—A woman with faith could inspire the servants with a willing spirit to do the Master's will. Faith wins cooperation, always. And cooperation is needed that Jesus' power and glory may be manifested.
(5) Empty Jars, v. 6.—It is the empty vessel which Jesus wants. Empty that He may fill it. Note all through this incident how dependent God's power is upon human agencies. The human need, the appeal of faith, the willing servants, and then even the empty jars.

(6) The Methods. (1) Simple and Direct. (2) Jesus began with what they had. Here is a wonderful lesson for every one who would render helpful ministry to others. It was the rod in Moses' hand and the sling in David's hand which God was pleased to use. Gen. 4:22; 1 Sam. 17:49. Jesus asks us to do seemingly foolish things sometimes, but if we obey it brings its reward, and its glory. In Jesus' response to the appeal we have revealed the spirit in which He had gone to the wedding. It was that He might serve others and witness to the truth. What an example for us. 1 Cor. 10:31; Col. 3:47.

(7) Transforming, v. 8.—Beginning with what they had, Jesus gave them what they had not. Water—and yet as they obediently poured out and bore it to the governor of the feast, the water was transformed. The commonest things at the wedding were transformed. Self given in living sacrifice to God is transformed into the likeness of Christ's perfect character. Rom. 12:1, 2. Jesus' glory is manifested thus.

(8) The Results. (1) Superior Wine. v. 9.—Permit no discussion of the non-essential question as to whether the wine was alcoholic or non-alcoholic. Surely, He from Whom "every good and perfect gift" comes would not supply that which would harm or destroy. God's Word cries out in no uncertain terms against strong drink.
(2) Convicted Testimony, v. 10.—Ignorant of the effects of this wine, the governor appreciates its high quality. This is conclusive evidence of the miracle which Jesus had wrought.

(3) Convicted Disciples, v. 11.—No mention is made of the others in attendance on the feast as to the effect of this miracle upon them. Surely, had they believed on Jesus, Scripture would have so recorded. They could receive this wine from His hand, but they could not receive the Christ. Ah, how true this is! "Do ye believe?" Willing to take all that God has to give, but unwilling to believe in His only begotten Son. In which group would you have been, with the few disciples or the unbelieving guests, had you been there? Where do you stand to-day?

The Golden Text.
"Whatever He saith unto you, do it."—What a different world this would be if this injunction were obeyed! How speedily the world would be brought to Christ did every Christian obey the voice of Jesus! "Whatever" includes all the range of human need and service. "Do it" may mean endurance, or persecution, or suffering, or loss. "Do it" and you will have: Peace and joy within, and success and blessing without. Self is an unsafe master. Whatever self saith unto you, do it not. But whatever Jesus saith unto you, "do it."

BEWARE OF COUNTERFEITS

"DeWitt's is the only genuine Witch Hazel Salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for piles, cuts and burns for years and can recommend it to be the best salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by Mt. IMPORTANT DEAL.—U. G. Baker has purchased of Fritz Krueger the brick store room, which adjoins his property. This is a very important deal for Mt. Vernon, as the result of it will be a department store by Mr. Baker and the erection of another brick business house by Mr. Krueger. It is indeed worth much to a town, to have in it two such enterprising business men as these.

The sad accident of last Monday, in which Tommy Taylor lost his life, calls forth a statement, which should mean much to the parents of the younger boys and even some of the small girls. Hardly a day passes that some of the little folks do not run across the track in front of the passenger trains and should they happen to fall in nine cases out of ten, would be caught before they could get out of the way. This is only one of the many wreckless things done, which if fully realized by the parents would cause a more careful watch.

KILLED.—Tommy Taylor, age 13, the boy who drove J. Fish's delivery wagon, was struck by a freight train at the crossing north of the depot Monday morning, from the effects of which he died about midnight Monday night. It is a very dangerous crossing especially with a wagon, as the noise of the wagon will counteract that of the train and with trains coming from the south all view is cut off by reason of the hotel and section house until they are right on the crossings. Several persons saw the terrible accident and in the wagon with Tommy, was one of Rev. T. D. Mullins' little boys who saved himself only by jumping and he says the engine was nearly to the tool house, when they started over the track, which would be only a few feet away and while the engineer put on his air in the emergency and stopped as soon as it was possible, yet wagon, horse and driver had been hit some three or four times and knocked some fifteen or twenty feet up the track. The wagon was completely demolished, the horse so bruised up that he will doubtless ever recover and the faithful driver bruised, mangled and unconscious, living only a few hours. Whether the boy saw the train and was trying to beat it across or whether he failed to see the train until it was right on him is a question, but from what we have been able to gather, it seems that it was one of those sad accidents which often comes, almost inexplicable and for which no one is wholly to blame.

The Louisville & Nashville Railroad Company has begun the construction of steel bridges to replace the old wooden bridges on the Kentucky Central division of the line. It is estimated that the company will expend \$2,000,000 in improvements of the Kentucky Central division this year, in cutting out the curves and straightening the track. During the last six months of last year the company had heavy steel rails laid on this line of the track and this work is being continued on through to Knoxville. There is a line of road constructed out of Knoxville to Atlanta and when it is completed the company will have a direct line from Cincinnati to Florida.—[Register.

The following from one of our exchanges, we trust will be read several times by many of our subscribers: "There never was a paper in any locality that gave all the news. Persons often come and go that the reporter does not see. It often happens that a family is missed several times. They get the impression that the paper does not care to mention them. It is a mistake. The paper has no ill feeling, nor spite nor enmity against any body. Do not be afraid to give us items of interest. Perhaps you think the paper shows partiality, but try and see if it doesn't treat you well if given a chance. If you don't see us to tell us of any happenings or news item at your home, use the telephone or drop it in the postoffice, but don't fail to give your name so there will be no mistake about it."

COLLEGE NEWS.

The Institute has enrolled eighty pupils since September. Seventy-three of these have been in attendance this week. As there were but seventeen enrolled Sept. 19, the outlook is hopeful.

The readiness with which the new students have fallen into line and their evident desire to make the most of their time is a source of satisfaction to the teachers.

It is to be regretted that there is so little money with which to help worthy students who are willing to earn their way through. Miss Taylor, during the holidays, after taking all the dormitory would accommodate, was obliged to refuse work to thirteen boys and girls.

Rev. John Baxter is a new member of the faculty. He is also Pastor of the Presbyterian church, and will hold services there the 2nd and 4th Sunday of each month.

We have been requested to an-
nounce that the congregation of the
Church of Christ at Providence,
will meet regularly every Lord's
day at 10:30 A. M. Bro. J. L.
Davis will preach the 2nd Lord's
day of each month, but the officers
of the congregation wish it under-
stood, that the presence of each
member is desired every Lord's day.
The disciples during the Apostolic
times—Acts 12:7—met upon the
first day of the week to break bread
and worship, and the officers of the
congregation of the Church of
Christ at Providence realize that it
is their duty and that of each in-
dividual member to meet and wor-
ship as did the disciples of Christ
during the establishment of the
Church. Those who believe and
feel that it is not necessary for them
to attend church in the absence of
their preacher should read the pas-
sage of scripture referred to above,
also Heb. 10:25. There is danger
of us becoming preacher worship-
ers when we attend church only
when the preacher is to preach,
especially when he preaches just
once a month. The preacher can-
not save us without some individ-
ual effort, and we certainly show
very little effort when we attend
worship just once a month. The
above remarks are not intended as
a criticism of any particular con-
gregation or individual but to all,
including the writer thereof, to
neglect their Christian duty. We
cannot be disciples of Christ unless
we obey Him, and let those who
desire to obey meet every Lord's
day at their place of worship and
break bread and read the scriptures
and help each other to understand
what Christ would have us to do
that we may become, not hearers
only, but doers of His will.

TEXAS FRUIT LANDS.

PRODUCE EARLY CROPS
WHICH BRING FANCY
PRICES.

In Texas they begin shipping
berries in April, tomatoes in May,
peaches in June, bringing fancy
prices up North.

The growing season is much
longer than in the North—a chance
to make two or three crops, reduc-
ing the expense of "getting
through" the winter.

Fruit and truck lands along the
Cotton Belt Route are very cheap
as yet—\$10 to \$15 an acre unim-
proved. When put to orchard or
truck they can be made to yield
\$100 to \$200 per acre and more.

Besides, it's an ideal climate—no
long, cold winters. Write for book-
let on fruit and truck growing.

Japanese exports for 1904 showed
an increase of \$6,424,150 over
1903 and the imports increase \$10,
080,597. Nearly all agricultural
products were abundant, especially
rice, which amounted to 248,145-
000.

Dispatches from Port Arthur and
Tokio say that 50 per cent. of the
Russian officers will share the fate
of their men and go to Japan as
prisoners. Among those who have
declined parole are Admiral Wiren
and Gen. Fock, Smirnov and Gor-
batowsky. The transfer of prison-
ers at Port Arthur was completed
Saturday. The total number of
officers transferred was 878, and the
number of men was 23,491. The
Japanese are preparing to establish
a naval base at Port Arthur. There
is some talk of peace in St. Peters-
burg, but so far as known it does
not perade official circles.

President Roosevelt has come
out against the proposition to re-
duce the congressional representa-
tion in the South and it is said no
legislation in this direction will be
put through during his term of
office.

TONIC TO THE SYSTEM.

For liver troubles and constipa-
tion there is nothing better than
DeWitt's Little Early Risers, the
famous little pills. They do not
weaken the stomach. Their action
upon the system is mild, pleasant
and harmless. Bob Moore, of La
Fayette, Ind., says: "No use talk-
ing, DeWitt's Little Early Risers
do their work. All other pills I
have used gripe and make me sick
in the stomach and never cured me.
DeWitt's Little Early Risers proved
to be the long sought relief. They
are simply perfect." Persons trav-
eling find Little Early Risers the
most reliable remedy to carry with
them. Sold by Mt. Vernon Drug
Co.

Indigestion Causes

Catarrh of the

Stomach.

For many years it has been supposed that

Catarrh of the Stomach caused indigestion

and dyspepsia, but the truth is exactly the
opposite. Indigestion causes catarrh. Re-
peated attacks of indigestion inflame the
mucous membranes lining the stomach and
expose the glands to secrete much instead of
the juices of natural digestion. This is
called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous

membranes lining the stomach, protects the

nerves, and cures bad breath, sour risings,

a sense of fullness after eating, indigestion,
dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Makes the Stomach Sweet.

Bottles only. Regular size, \$1.00, holding 2½ times

the trial size, which sells for 50 cents.
